ADVANCED REHAB, PC

SBDC AT MONTANA BUSINESS ASSISTANCE CONNECTION
-HELENA, MT-

Advanced Rehab, a physical therapy and pilates training clinic, opened in Helena Montana more than a decade ago. Advanced Rehab's commitment to accident and trauma victims has propelled the business in terms of clinical outcomes and patient satisfaction. In 2012, Advanced Rehab had reached the point where the business was growing past the physical capacity of its current facility. Sandy Marston, owner of Advanced Rehab, reached out to Dan Anderson, Director of the Small Business Development Center at Montana Business Assistance Connection to help her with the development of a long-term strategic plan. Through this plan, Sandy was able to articulate and quantify her vision for the business's future, which included a new and expanded facicility. Dan and Sandy worked together to find a new location and to develop a financing package that was submitted through the SBA's 504 loan program. Despite a tight time frame, the project was funded; the property has now been remodeled and is home to the new and improved Advanced Rehab. The business remains committed to excellence in pain treatment and physical restoration of its clients.
