-BUTTE, MT-

Lisa Wareham has been doing business in Butte, Montana since 2008 and has photographed some of Butte's most treasured sites. Lisa prides herself on having a cutting-edge style and offers family, wedding and high school senior sessions. She also provides photography classes. Lisa had been renting a 900 square foot space in the basement of a three-story building located in Uptown Butte as her studio. As the demand for her photography services increased, Lisa needed a bigger, more formal studio in which to conduct her business. She approached the owner of the building where she was renting a space about the possibility of buying the building—and she was thrilled when he agreed. Lisa reached out to Julie Jaksha, Director of the SBDC at Headwaters RC&D, for guidance through the purchasing process. Julie assisted Lisa in developing a solid business plan and putting together a suitable financing package.

Headwaters RC&D was able to finance the project, and Lisa acquired the building. Her new studio is double the size of her old one, and has a large east-facing window that provides plenty of sunlight for the studio. Lisa and her husband are extremely excited about being able to work and live in Uptown Butte!
