SBDC START-UP SERIES: LICENSING 101

About the Montana SBDC

The Montana Small Business Development Center (SBDC) Network is a partnership between the Montana Department of Commerce, U.S. Small Business Administration, economic development organizations and institutions of higher education.

The Montana SBDC Network consists of ten centers throughout the state that provide free, confidential, one-on-one business counseling and low-cost training programs to small businesses and entrepreneurs.

The SBDCs are dedicated to helping small businesses throughout Montana achieve their goals of growth, expansion, innovation and success. Our Network combines the resources of federal, state and local organizations with that of the education system and private sector to meet the specialized and complex needs of the small business community.

Visit www.sbdc.mt.gov and contact the SBDC nearest you to learn more about

"How do I license and register my small business?"

Depending on the type of business and form of business structure, businesses will all have different licensing and registration requirements. Below is a list of main contacts to get you started in navigating the licensing and registration requirements specific to your business. If you get lost or overwhelmed at any point, give your local SBDC Business Advisor a call and they'll help guide you through the process.
