

## WAGON WHEELZ CAFE

### Colstrip Regional Success Story

“The SBDC is a worthy program for **anyone** seeking to start their own business. **One on one assistance from start to finish.**”

-Bill & Linette  
Silvernail, Owners

#### PROBLEM

Bill and Linette Silvernail were ready to start their own business in Colstrip. After seeking assistance from the Colstrip regional SBDC off and on over the years, they finally sought out to make their dreams of owning a restaurant a reality.

#### SOLUTION

Regional Director John Sisson at Southeastern MT Development Corporation helped Bill and Linette with financial projections, and their business plan. He was a sounding board for them as they crafted their plans.

#### IMPACT

Wagon Wheelz Cafe is open and fulfills a need within the community and local towns for good, convenient food. Bill and Linette have hired 2 full time and 11 part time employees. Another SBDC success!

“Linette demonstrated diligence, clear thinking and the follow through needed to turn a **good idea** into an **operational plan.**” -John Sisson, Colstrip Regional Director
